

HOW DEPENDENT FAMILIES MAY BE TAKEN CARE OF

Adjutant-General Sale Receives Notice of Conditions Imposed by Congress.

NO MORE MEN DISCHARGED

Guardsmen May Now Apply for Government Support for Those They Left Behind When Called Into Federal Service.

Notice of the conditions under which dependent families of militiamen may share in the fund of \$2,000,000 appropriated by Congress for their benefit was received yesterday by Adjutant-General Sale. Under the law now existing, no more men will be discharged from the service in order that they may support helpless families, but any man may apply for his organization commander to have provision made for his family by the government.

The law defines family so as to include only the wife, children and dependent mother of the soldier, and no family is to receive more than \$50 per month. No one may apply for money to compensate for suffering experienced before August 29, the time the bill was approved.

The law provides that the \$2,000,000 appropriated shall be expended under the direction of the Secretary of War, and under such rules and regulations as he may prescribe, for the support of, at a cost of not more than \$50 per month, or so much of said amount as the Secretary of War may deem necessary, and not more than such enlisted man has been contributing monthly to the support of his family as the time of his enrollment in the service of the United States, which family during the term of service of such enlisted man has no other income except the pay of such enlisted man, adequate for the support of said family."

**ACTION OF SECRETARY
OF WAR TO BE FINAL**

The act provides that "the action of the Secretary of War in all cases provided for shall be final, and no right to prosecute a suit in the Court of Claims or in any other court of the United States against the government of the United States for amounts due to such enlisted man or any member of the family of any such enlisted man, by virtue of the passage of this act."

The act also provides that the aid furnished by the government shall not go to any wife of an enlisted man who has married after July 15, 1916.

Men desiring to have their families share in the fund will be furnished by their commanding officers with the regular form to be filled out in application. This form when certified by the officer in command will be forwarded directly to the depot quartermaster at Washington.

A number of Virginia soldiers who made application for discharge under the dependents' provision before September 1 have recently been discharged. Among them are Corporals James W. Ressell of Company E, First Infantry; and Edgar H. Richardson, Troop 1, First Cavalry, and Privates George M. Shaw and Robert J. Henderson of Battery B; Henry P. Keithley of Battery D; and Gilbert Lee Hawley, of the sanitary squad of the Field Artillery; Eugene S. DesPortes, of Troop B, First Cavalry, and Bernard L. Elam, Company A, Engineers.
